

Family carer workshop

Understanding and Responding to Behaviour during COVID-19

Dementia Australia is hosting an online workshop for family or carers of loved ones living with dementia

The workshop will be presented via Zoom and aims to provide family or carers with an understanding of the factors contributing to changes in the behaviour of the person with dementia, and develop a practical problem solving approach to responding to that behaviour.

Course duration: 1.5 hours

Cost: Free

Suitable for: Family or carers of loved ones living with dementia.

This family Carer workshop is funded by CESP HN (Central and Eastern Sydney Primary Health Networks).

When: Friday 23 October 2020

Time: 1.30PM - 3PM
