About the group

Whether the suicide was a recent experience or one that happened many years ago the Suicide Bereavement Support Group can help.

Our Support Group will assist you to break down the silence that locks away the guilt, shame, anger, intense pain and the “why”.

The Group is a safe place to share your thoughts, ideas and feelings with others who understand the enormity of your loss. The Group meets weekly for 8 weeks and is a closed group.

The Group is structured so that those bereaved can share their experience as well as being supported in managing and moving through their grief.
