

Introduction to Supported Decision Making For Aged Care Providers

Free supported decision making workshop for aged care providers

Presented by the NSW
Public Guardian

20th November 2019

The NSW Public Guardian is promoting the work done by the Cognitive Decline Partnership Centre and is partnering with **The Multicultural Network** to present free supported decision making workshops for aged care providers. The training will give participants an understanding of concepts, principles and strategies involved in supporting decision-making for clients in the aged care setting.

Participants will:

- Differentiate between 'supported' and 'substituted' decision-making
- Understand the key concepts and principles involved in supported decision-making
- Hear how SDM relates to the new Aged Care Standards
- Recognise the human rights basis for supported decision-making and its relevance to the Aged Care Act
- Develop strategies for supporting client decision-making
- Address organisational challenges in implementing supported decision-making
