

Alien Adventure!

MACQUARIE
University
SYDNEY • AUSTRALIA

Online picture naming for preschoolers.

Will your preschooler be starting school in 2021?

If so, here's a fun educational game for your child.

Complete the game before 30 November 2020 to go in the draw to

win a \$100 voucher

– ten Coles/Myer vouchers to be won!

About the study:

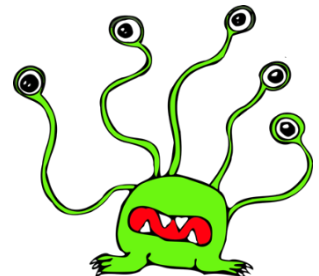

Researchers at Macquarie University are investigating how Australian English differs across different communities, and how children's speech develops as they move from preschool to school.

What to expect:

You will answer a short questionnaire about your child's language and cultural background (this will take about 5 minutes). Then, your child will have their voice recorded while they name pictures online. The picture naming will take 20 minutes.

Your child may also be eligible to take part in follow-up studies over the coming year. Ongoing participation in the project will be reimbursed with up to \$100 in Coles/Myer vouchers!

To see a short video of a child playing the game, go to www.facebook.com/ChildSpeechProject.
