

Build Your Future: Infrastructure Careers Day

Hosted by Sydney Metro and Transport for NSW

In collaboration with the NSW Government Women in Construction Program, TAFE NSW Construction Centre of Excellence and Global Skills

Event intent:

Join us at **Build Your Future: Infrastructure Career Day**, created to inspire and empower women to explore opportunities in construction and infrastructure.

- Experience and engage with four demonstration workshops led by industry experts
- Discover trade and specialised career pathways
- Connect with employers actively recruiting across the industry
- Expand your network and open doors to real career opportunities

Take the first step toward your future — join us and see where a career in infrastructure can take you.

Event outline:

Take part in four engaging, demonstrative workshops designed to support and encourage you to explore a career in construction or infrastructure. Each workshop will give you practical experience and valuable insight into both trade and industry pathways, helping you discover the wide range of opportunities available across the industry.

• Trade workshops

These workshops provide you with demonstrations in core construction trade skills, including the safe use of industry tools and equipment, foundational techniques, practical testing methods, and precision measurement and alignment practices essential across multiple building and infrastructure environments.

• Industry pathways workshop

This workshop will highlight specialised roles beyond traditional trades, including operational and non-trade career opportunities available within the infrastructure sector.

Hear from an inspiring panel of women sharing their journeys, experiences, and achievements across construction and infrastructure.

Meet organisations actively recruiting and learn about roles, programs, and pathways available. Build meaningful connections in a dedicated networking session tailored to your interests.

Event details:

Date: Thursday 17 September 2026
Registration opens 9:30am

Time: 10am–4pm

Location: Kingswood

Who should attend?
