

Challenging Hateful Misinformation Workshop

Navigating the maze of misinformation, technology and hate can be overwhelming.

Empower yourself with the tools to identify and tackle racist, hateful and divisive misinformation. By the end of the workshop, you will:

- Recognise and address hateful and divisive narratives
- Understand the link between misinformation, racism and other forms of hate
- Confidently tackle controversial issues
- Learn practical racial and intersectional literacy strategies to unpack conspiracy theories and fake news
